## WAR IS DECLARED

Turkey Takes the First Step in Open Hostilities.

FIERCE FIGHTING HAS BEGUN.

Engagements Have Taken Place All Along the Line of the Macedonian Frontier.

WAR VESSELS TAKE A PART.

The Greek Steamer Macedonia Fired on From a Turkish Fort and Sunk in the Gulf of Ambracia — Greek Warships Then Begun Bombarding the City of Prevesa — Both Countries Accuse the Other of Being the Aggressor — The Greeks Have Captured Several Important Towns, but the Turks Have Crossed the Frontier into Greek Territory. News of the Declaration of War Confirmed at Washington — Relative Strength of the Two Armies That Now Confront Each Other.

CONSTANTINOPLE, April 19.—Following the news of the incursion of the Greeks on Turkish territory the council of ministers have declared that war has broken out, and have ordered Edhem Pasha, Turkish military commander, to take the offensive.

A detailed circular sent to the Turkish representatives abroad recalls the week's invasions, and states that the newest incursion was participated in by the Greek troops, which, therefore, establishes war. The circular expresses the hope that the powers in a spirit of justice will agree that the entire responsibility for the war falls on Greece. Turkey has no idea of conquest, and as a fresh proof of pacific sentiments offers to retire the Turkish troops on the frontier, if Greece will retire hers from the frontier and from Crete.

Tewfik Pasha, the Turkish minister for foreign affairs, visited the foreign envoys yesterday and informed them that the Turkish frontier had been crossed on Friday night by fresh bands of Greeks, among whom were a number of Greek regulars. It was this news which led to the calling of a council of ministers and precipitated the decision to announce that "war had" broken out between Greece and Turkey.

The Greek minister here, Prince Maurocordato, was at the same time notified of the rupture of diplomatic relations between Turkey and Greece. His passports will be handed to him and he will leave Constantinople. At the same time the archives of the Greek legation will be removed. In addition all the Greek merchants in Turkey were informed that they were given a fortnight's notice to leave the Ottoman empire.

GREECE ACCEPTS IT.

Declaration of War Announced in the Legislative Assembly.

ATHENS, April 19.—A late special sitting of the legislative assembly was held yesterday. The public galleries were crowded. Amid intense excitement M. Delyannis, the premier, announced that the Turkish government had notified Greece of the rupture of diplomatic relations on the ground of the aggressive attitude of the Greek government. In a cool, but deliberate speech, he reviewed the recent events to show on the contrary that Turkey had been the aggressor; that her troops had attacked the Greeks and attempted to occupy neutral positions, and that the batteries at Prevesa had sunk the Greek ship Macedonia.

"Turkey," said M. Delyannis, "declares war against us. We accept it." This statement was received with prolonged cheers from the galleries and the floor of the chamber.

The premier then read dispatches relating the events which had happened on the frontier and with reference to the reported capture of Menexa, he said that the batteries at that important position had been brought into action, but he knew nothing as to its alleged capture.

He added that the Turks, after repeated attempts to force a passage at Reveni, which commands the road to Larissa, had been driven back.

The leader of the opposition, amid renewed cheers from all parts of the chamber and from the galleries, eloquently endorsed the patriotic declaration of M. Delyannis.

GREEK STEAMER SUNK.

Greek Fleet Bombarding the City of Prevesa.

ATHENS, April 19.—(Copyright, 1897, by the Associated Press).—The Turkish batteries at Prevesa, on the north shore of the entrance of the gulf of Arta where, according to the treaty of Berlin, the Turks had no right to erect fortifications, fired on and sank a Greek steamer, the Macedonia, Sunday morning, while she was attempting to leave

the Gulf of Ambracia. The crew of the steamer were saved by boats from shore, but the captain of the Macedonia was severely wounded.

Upon receipt of this news the Greek government sent orders to the Greek in the Gulf of Ambracia to bombard Prevesa. Consequently the bombardment of Prevesa commenced at 6 o'clock this morning, and continues as this dispatch is sent. Prevesa, which is in Epirus, and 18 miles from Arta, is strongly fortified.

The Turkish minister here, Assim Bey, has asked for his passports and they have been handed him and he has left Athens for Constantinople. The German minister at Athens, Baron Von Plessen, has undertaken to protect Turkish interests in Greece during the severance of diplomatic relations between the two countries. The Greek minister at Constantinople, Prince Maurocordato, has been recalled.

The streets are crowded with people eagerly discussing the outbreak of war and the probable outcome. The general feeling is one of satisfaction at the relief from the irritating tension of the past few weeks which had gradually become almost unendurable and which is ended at last by overt acts, it is claimed here upon the part of Turkey.

The Greeks hold that it was an attempt upon the part of the Turkish forces to occupy a strategic position near Mount Analipsis, not far from Nezeros, in the neutral zone, which led to the encounter on Friday between the Greeks and Turks. This, it is added, was used at Constantinople as a reason for ordering Edhem Pasha, the Turkish commander-in-chief, to assume the offensive and led to the rupture of diplomatic relations between the two countries.

The so-called outrage of Prevesa Sunday morning, when the Turkish batteries there sank the Greek steamer Macedonia, further justified Greece, in the minds of the Athenians, in waging war to the death against Turkey. The Greek government, therefore, is warmly commended for recalling the Greek minister at Constantinople and not waiting, according to the Greek version, until Prince Maurocordato was handed his passports.

It is stated in some quarters that Assim Bey, the Turkish minister to Greece, did not wait for his passports to be handed to him; but, so soon as he received the sum of 5,000 francs, telegraphed to him from Constantinople through the Athenian bank for traveling expenses, etc., he hastily quitted this city.

Little news of a reliable nature has been received here or is allowed to leak out regarding what has really transpired on the frontier. It is known, however, that the whole frontier of Thessaly has been blazing with murderous firing since early Sunday morning and that the Greeks have captured a fortified position at Menexa, in Macedonia.

According to the general understanding here, the Turkish plan of campaign is a concentration of the Turks near the important Greek frontier town of Tyrnavos, with a view of forcing the mountain passes leading toward Larissa. One report, which is generally credited, has it that Edhem Pasha, at the head of 12,000 men has already begun this movement and rumors in this respect are flying, the substance of them being that the battle which is expected to be fought at or near Tyrnavos has already commenced.

The Greek plan of campaign, so far as it is understood by the Athenians, is founded on the defense of Larissa in the first instance, an attack upon that place having been anticipated and prepared for by occupying and taking every possible advantage of all strategic points. The country there is admirably suited for defense and, while this defense is undertaken, the Greek fleet is relied on to destroy the coast ports of Epirus and Macedonia. The Greek belief in ultimate success is based on the expectation of a universal rising of the Macedonians and Epirotes, so soon as the Greeks succeed in winning a brilliant victory, anywhere, over the Turks.

DIPLOMATIC RELATIONS BROKEN OFF

Subjects of Both Countries Must Leave Within a Fortnight.

ATHENS, April 19.—Assim Bey has handed to M. Skouzes, the Greek minister for foreign affairs, the following note:

"In consequence of the aggressive attitude of Greece, diplomatic relations between the king of the Hellenes and his imperial majesty, the Sultan of Turkey, and their respective governments, are hereby broken off.

"The Greek minister at Constantinople and the Greek consuls have been ordered to quit Turkish territory. For the same reason the Turkish consuls in Greece have been recalled to Constantinople. Within a fortnight from the date of this announcement, all Greek subjects must leave Turkish territory. Ottoman subjects now on Greek territory have been invited to leave it within the same period."

CONFIRMED IN WASHINGTON.

Relative Strength of the Two Armies About to Meet Each Other.

WASHINGTON, April 19.—The Turkish minister here has received a cablegram from the Turkish minister of foreign affairs at Constantinople confirming the dispatches that Turkey has broken off all diplomatic relations with Greece and has instructed the Turkish commander-in-chief to protect Turkish interests on the frontier. When seen at the legation the minister, in reply to a question, made the following statement:

"The Greek troops having contrary to the rights of nations crossed the boundaries at several points and opened hostilities without any provocation, and the relations between the two countries being thus broken, the commander-in-chief on the frontier has been ordered to take all necessary steps for the de-

fense of the rights of the Ottoman government and her territory. The Turkish minister at Athens and all Ottoman agents in Greece have been recalled. The representative of Greece at Constantinople and all the Greek consuls in Turkey have been requested to withdraw.

"The protection of Turkish subjects in Athens has been entrusted to the German minister."

The army of Greece is small when compared with that of Turkey, but is in better fighting shape. The total peace strength of the Greek army is estimated at 22,000 men, as follows: Infantry, 14,700; cavalry, 2,646; artillery, 3,430; engineers, etc., 1,234. In the first reserve there are 59,500 men, and the entire reserve numbers 104,500 men of all arms. This makes a total strength of 126,500 men. But, in addition to this, there is what is known as the territorial army, or second reserve, which has 146,000 men. With all of these troops mobilized Greece could put a total force of 272,000 men in the field.

The Greek army is much weaker than that of Turkey in artillery, but is as strong or stronger in cavalry, and all her troops will fight with desperation, aided by the peasantry, now being rapidly formed into battalions.

The Turkish government declares that the effective combatant strength of its army, including the reserve, is 500,000 men, comprising 333,200 infantry, 55,300 cavalry, 54,720 artillery and 7,400 engineers.

This seems a large army, but the number of men which could be sent to fight the Greeks in Crete and on the Macedonia and Albanian frontiers would be scarcely half of that; for from the aggregate must be deducted 38 battalions of heavy artillery required to man the coast fortifications and the big garrisons which the sultan is obliged to keep in Constantinople, Jerusalem and all large cities of his domains, both in European and Asiatic Turkey. In fact, so far the sultan has ordered only 78,000 soldiers to the Grecian frontier.

FIGHTING ALL ALONG THE LINE.

Latest Reports From the Turkish Army Headquarters.

ELASSONA, April 19.—War between Greece and Turkey has broken out. Skirmishes are taking place all along the frontier.

The first division of the troops is at Dodunlik, the second at Ellassona, the fifth at Skomya and the sixth at Karyia (or Koskny). The last two are engaged in defensive operations.

The Greeks, who have invaded the district of Mount Godoman, have been repulsed.

Battalions from the divisions at Apium and Karamissar are arriving at Isanant en route for Rodosts and Muratli in order to reinforce the troops in that district.

Turks Have Entered Greek Territory.

CONSTANTINOPLE, April 19.—The port has received a dispatch from Edhem Pasha, the Turkish commander-in-chief at Ellassona, dated Saturday, saying that in consequence of an invasion of Turkish territory by the Greeks, his troops have seized the heights of Perner and Velechko. The fourth division, from Ellassona, under Hajda Pasha, and a full brigade, under Nam Pasha, have entered Greek territory.

PROGRAM OF CONGRESS.

The Senate Will Consider Appropriation Bills While the House Waits.

WASHINGTON, April 19.—The senate will conclude its consideration of the appropriation bills this week. The Indian bill is expected to pass early in the week and the sundry civil and agricultural will follow in the order named. There is no expectation that there will be any prolonged debate upon any of the bills. There will be an effort to amend the sundry civil bill by the addition of a provision for the regulation of the forest reservations. This may lead to some discussion, but the friends of the amendment do not anticipate much trouble in having the amendment agreed to.

Senator Davis will make another attempt in executive session to get a day fixed for taking a vote on the arbitration treaty. He has announced his purpose to press the treaty to final action as early as a date as possible. He expects to have little difficulty in securing an agreement for a date, but some of the objecting senators intimate that there still may be opposition. The matter of pairs has been definitely arranged on the basis of two votes for the treaty to one against it. It is not believed that a great deal of time will be given to the treaty during the week, whatever the degree of Mr. Davis' success in securing an agreement for a date for a vote.

The bankruptcy bill will continue to hold its place on the calendar as the unfinished business, but it probably will not be seriously pressed. Senator Morgan has announced his intention to insist daily upon the consideration of his Cuban resolution during the morning hour, but he will not block other business with it.

Much of the senate's time will be given to the question of the organization of the senate committees. If the program proposed is accepted both the Republicans and the opposition will proceed to make selections for the committee vacancies and this work will require very delicate adjustment in order to satisfy conflicting claims. If the plan is not agreed to by the Republicans the coalition of Democrats, Populists and silver Republicans will on Tuesday move to fill some of the committee vacancies with the view of continuing the process until all are filled. At least such is the present program.

The house this week will continue the program of three-day adjournments unless the Indian appropriation bill is re-

turned from the senate when it meets on Wednesday.

The complications arising out of the situation in eastern Europe possibly may figure in the proceedings of both houses the latter part of the week.

CONGRESSMAN MILLIKEN DEAD.

The Grain Reaper Creates a Vacancy in Maine's Delegation.

WASHINGTON, April 19.—Seth L. Milliken, representing in the house of representatives the third district of Maine, died last night at 9:30 o'clock. Within a week more alarming symptoms appeared, pneumonia setting in and kidney and liver complications manifesting themselves.

With him when the end came were Mrs. Milliken, who had been summoned hastily from her home in Maine, his son, who reached the city Saturday night from West Point, his brothers Frank and Byron, who are residents of this city and several intimate friends. Mr. Milliken also had a daughter in California. His remains will be taken to Maine for interment.

## WEYLER FEELS SAFE

He Considers the Province of Santa Clara Pacified.

HAS NO NEED OF MORE TROOPS.

He Thinks the Insurgents Can Do but Very Little Damage Hereafter—Spanish Account of a Few Recent Skirmishes. The Steamer Dauntless Again Doing Duty—Ruis Rivera Reported Better.

HAVANA, April 19.—As a result of the reconnoitering and fighting which has recently taken place, Captain General Weyler infers that it can be considered that the province of Santa Clara and part of the province of Puerto Principe, west of the military line, have been pacified. He says he does not care whether Maximo Gomez and Quintin Bandera remain or do not remain on the other side of the military line, as both of them, if they fail to cross, are likely to be surprised and captured at any moment, as was the case with Ruis Rivera and Escallos. Then again, he says, the presence of Gomez and Bandera in Santa Clara means nothing, as they have neither men nor resources with which to do any serious harm. Based on this outlook the captain general said that he was not asking for reinforcements nor for substitutes to take the place of losses.

During a number of skirmishes which have taken place recently in the different provinces the insurgents have lost 102 men killed, including Leoncio Lamadrid, the insurgent governor of Matanzas, and three officers. The troops also captured 27 prisoners, and the insurgents retired in every case, taking with them a number of wounded. These, of course, are the official reports. They add that 15 armed insurgents, including Captain Carlos Delgado have, surrendered to the Spanish authorities at Matanzas.

Finally the official reports say that in these engagements the government forces only lost two men killed and had 43 wounded.

Captain Kilgor, of the cutter Boutwell, has orders to follow the Dauntless, whenever she shall cross the bar, this being intended to prevent a possible filibustering trip, although the Dauntless could easily give the Boutwell the slip if desired.

No Soldiers Will Be Withdrawn From Cuba.

WASHINGTON, April 19.—The Spanish minister has received a telegram from the president of the council of ministers, Senor Canovas, saying that the report of the recall of 30,000 men from Cuba has no more foundation than the fact of its publication in an opposition paper of Madrid.

will no longer retain with them his inter-  
ests in a sporting line. The Colonel has  
all the worldly goods he deems necessary

HUNTER INDICTED.

The Republican Nominee Charged With  
Conspiracy to Bribe—The Sena-  
torial Contest.

FRANKFORT, KY., April 17.—Bradley  
has won first blood in his fight to a finish  
with W. Godfrey Hunter. The testimony  
of the Bradley men before the grand jury  
has resulted in the indictment and arrest  
of Dr. Hunter and his chief lieutenant,  
ex-Congressman Wilson. It is a fact that  
the witnesses who came forward to have  
Hunter indicted have been indicted with  
him, but they are satisfied.

The friends of Dr. Hunter had a con-  
ference to-night, looking to the issue of  
a statement to the people concerning the  
cause and effect of the indictments to-  
day, but concluded it was best to make  
no statement. Dr. Hunter himself and  
those nearest to him have announced  
that the indictment will not force him  
off the track, but will cause him to make  
renewed efforts to win.

Chairman William Henry Jones, of the  
Republican caucus, said again to-night  
that he would call a new caucus when-  
ever a majority of that body asks him to  
call it.

The real reason Hunter has not been  
withdrawn before is because the opposi-  
tion to him could not agree on a man to  
take his place from whom they could  
exact promises of pie. Hunter has  
promised numerous offices to hold his  
men in line, and when there is talk about  
Holt, Yerkes and Stoll the first question  
asked is: "Will he promise to indorse  
me for the position I want?"

If any doubt is expressed as to the  
promise being made, the office seeker re-  
plies:

"Well, I'll stick to Hunter; he will  
see that I get my place."

With thirty or forty more in this fix it  
can readily be seen that it will be a hard  
matter to get a majority to call a new  
caucus, but there is more reason to be-  
lieve to-night that it will be called than  
has ever existed before. Meantime the  
Democrats will continue to vote for Black-  
burn, the anti-Hunter Republicans for  
Boyle and the Gold Democrats for Martin.

BRADLEY'S ORGAN.

The Frankfort Capital Talks of Repudiation.  
But Kentucky Will Repudiate  
Bradley.

(Frankfort Capital.)

Unless business shall improve and  
values of all kinds of property increase  
in value, Kentucky is bankrupt. The  
proposed increase in the tax rate will  
not reduce the debt, while assessments  
are decreasing. With a 50 cent tax rate  
the State will be deeper in debt in  
another year than at present.

It is a plain, potent fact that so long  
as Kentucky is overrun with armed men  
demolishing property, the Legislature  
occupied with office-grabbing and the  
members of the sinking fund commis-  
sioners tying the Governor's hands and  
refusing to attend to the simplest busi-  
ness details of their official duty, the  
State is going to that disgrace that here-  
tofore she has escaped, "repudiation."

In a short time the cry will be raised  
that Kentucky shall repudiate her debts.  
That has been done by other States, and  
there are indications that very soon, per-  
haps in the next State election, this issue  
will be made. The General Assembly  
as at present constituted is not likely to  
agree on any adequate revenue legisla-  
tion, and the only hope for Kentucky  
seems to be in an all-wise and beneficent  
Providence.

In the meantime the State is being  
run in debt another \$1,000 every day to  
help "elect Hunter," who is expected to  
find places for all the members of the  
Legislature who will vote to put him in  
the United States Senate.

The Discovery Saved His Life.

Mr. G. Caillouette, druggist, Beavers-  
ville, Ill., says: "To Dr. King's New  
Discovery I owe my life. Was taken  
with La Grippe and tried all the phys-  
icians for miles about, but of no avail  
and was given up and told I could not  
live. Having Dr. King's New Discovery  
in my store I sent for a bottle and began  
its use and from the first dose began to  
get better, and after using three bottles  
was up and about again. It is worth its  
weight in gold. We won't keep store or  
house without it." Get a free trial at

Sunday's Rally Well Attended—Miss Mc-  
Coy's Violin Playing—Rev. H. H.  
Hibbs' Talk—Other  
Matters.

The Y. M. C. A. parlors were well filled  
yesterday afternoon with those who had  
come to enjoy the program of the Easter  
song service as announced in Saturday's  
BULLETIN. In addition to the hearty  
singing by the audience, two violin solos  
were rendered by Miss Katherine Mc-  
Coy, of Grand Rapids, Mich., and a vocal  
solo was sung by Mr. T. Reed Chunn, both  
accompaniments being played by Miss  
Lida Berry. While the musical features  
of the program were all excellent, special  
mention ought to be made of the violin  
playing by Miss McCoy. She is a charm-  
ing violinist and her selections were thor-  
oughly appreciated by the audience.  
Rev. H. H. Hibbs gave a short and elo-  
quent address in which he emphasized  
the thought that the benefits we enjoy in  
the social and commercial world are  
largely due to influences of christianity,  
and that because of this every man  
ought to live not selfishly but for God and  
for humanity.

**WEDDED AT LAWRENCE CREEK**

Marriage of Mr. D. L. Bush, of Ashland, and Miss Jennie Moran, of This County, Wednesday Evening, April 14th.

Brief mention has already been made of the marriage of Mr. D. L. Bush, of Ashland, and Miss Jennie Moran, of this county, Wednesday evening, April 14th, at the Lawrence Creek Christian Church. The nuptials were solemnized by Rev. W. W. Hall.

At 8:30 Miss Jean Byar was escorted to the organ, and as the wedding march was begun the bridal party entered the church by both aisles, Ushers Perrine Osborne and Lewis Killgore on the right, Roy Ricketts and John Perrine on the left. Following the ushers, on the right were Mr. Elmer Downing and Miss Ida Martin, followed by Miss Cornelia Downing and the bride; in the opposite aisle Mr. Ben Downing and Miss Nannie Wells, followed by the groom who was escorted by Mr. Will Mackoy, the bride and groom meeting at the altar. The ushers arranged themselves in line making a handsome background for the bridal party who formed a crescent facing the audience.

The ladies were attired in organdy. The bride looked handsome in white, and carried bride roses and ferns. Miss Downing wore rich cream, Miss Martin pink, Miss Wells blue, the colors and costumes enhancing the beauty of the young ladies.

The altar was lighted by two large lamps having pink and blue shades, making a very striking effect.

Immediately after the ceremony the bridal party left for Maysville where Mr. and Mrs. Bush took the boat for Ashland, which will be their future home.

While awaiting the arrival of the boat the party had a very pleasant surprise in the shape of a delightful luncheon at the home of Misses Lou Powling and Anna King.

It was one of the prettiest church weddings that has ever taken place in this section. The church was filled to overflowing with friends.

Mr. Bush is one of Ashland's prominent business men and is widely known throughout that country, while Miss Moran is one of our most estimable ladies. Her many friends regret very much to lose her from their midst. They extend to Mr. and Mrs. Bush hearty wishes for a happy and prosperous future.

**TOLLGATE RAIDERS ARRESTED.**

The Anderson County Grand Jury Returns True Bills Against Some of the Lawless Gang.

LAWRENCEBURG, KY., April 16.—Six citizens of this county, Alonzo Casey, John Warford, Cahell McKee, Wm. Bond and Burt Casey, were arrested to-day upon bench warrants charging them with being members of the mob of toll gate raiders.

Six indictments were returned by the grand jury just before its adjournment last night against these men. Although the jury examined fifty persons in trying to find bills yet the investigation was so quiet that the arrests came as a general surprise and created a big sensation.

This is the first indictment to be found in the State, although nearly every county in the Blue Grass has suffered by the raiders. Buckner McKee was also indicted, but he hasn't been served with notice.

Ex-Sheriff John W. Baxter went on the bond of Cahell McKee, who, in turn became surety for Alonzo Casey and these two were released, Circuit Judge Carroll having put the bond at \$1,000. It was discovered that the wrong John Warford had been arrested and he was turned loose, declaring he would bring suit for false imprisonment.

The two McKees are well-known, influential citizens. Cahell is worth between \$10,000 and \$12,000, while his brother Buckner is comfortably fixed in lands and stocks.

Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

**BASE BALL.**

Prospects Not Very Good For a Semi-Professional Team Here This Season.

The base ball season of 1897 will be opened by the National League next Thursday.

If Maysville is to have a semi-professional team this year, it's time some steps are being taken to get the boys together. As far as our information goes, however, the prospects locally are not very bright. No one seems willing to take hold of the matter, and without some one to take the lead, there will be no team. Letters have been received from various points, and if a club is organized, arrangements could be made as soon as the season is opened for a tour South, taking in Knoxville, Chattanooga, Columbus, Ga., and other points. Maysville's wide reputation along this line would enable a team to secure plenty of dates both at home and abroad, and with good management a club ought to prove a success.

Should a semi-professional team not be organized, Maysville will not be entirely without sport in this line, as there is talk of organizing a couple of nines by the Y. M. C. A. home talent.

There is plenty of time to get a good team together, and there's plenty of material.

Portsmouth will have a strong club in the field this year, Ashland and Ironton will probably unite and organize a team; and Bellevue, Newport and Covington already have clubs in practice.

Maysville has developed many fine players, and most of them are in some of the minor leagues this year. McGann is at Toronto, Lever at Richmond, Va., Van Winkle at Detroit or Indianapolis, Heilman at Evansville or Cairo, Lantenbach at Knoxville, Rieman at Dayton, O., Hall at Dallas, Texas, and others scattered here and there.

**FLEEING THE FLOOD.**  
Mississippi Waters Pouring Through a Crevasse.  
**SEVERAL VILLAGES INUNDATED.**  
Many of the Houses Have From Two to Three Feet of Water in Them—Eight Thousand More People Made Destitute by the Break—Reports From Various Flooded Places.  
Vicksburg, Miss., April 19.—The river is 51.8 feet, a fall of 3-10ths in the past 24 hours and a total of 6-10ths since the crevasse at Biggs' levee. The situation in Madison parish, La., is growing hourly worse. The flood of water going through the Biggs break in the levee is fast covering the lowlands and is flooding Bay Vidal and the greater part of the land in the southern portion of the parish. The water has reached Tallulah, some 18 miles west of Delta. The water has risen seven feet in the bayou at Tallulah and is rising a foot an hour.  
Delta is about depopulated, only enough persons remaining to look after the houses. Many of them have two or three feet of water in them. The back water is fast covering lands north of Delta, and at Young's Point much land is already covered. At Omega the floods are coming fast.  
Relief boats are running to Davis island and Kellogg's section. Planters in Ental and north part of Madison are placing their stock in reach of boats on the river front or at stations on the line of the Vicksburg and Shreveport railroad so they can be moved in the event of another break in the upper portion of the parish, which is now severely threatened. Milliken's Bend and Duckport levees are both caving.  
Reports from Madison parish state that the water began rising in Brushby bayou at Tallulah at 7 o'clock Sunday morning, and up to this time has risen 8 feet. About three miles below Tallulah the water is getting over the levees and is overflowing everything two miles below. It will not be upon the higher lands until tomorrow, as there is several feet of bank left in the bayou.  
Richland, La., reports the water going all over everything, overflowing the Kings and Kels places, also the villages of Trinidad and Ashwood, eight miles below Richland. The telegraph line is down some distance below Richland, and communication was shut off from there up to noon yesterday.  
The water is beginning to back up Lake One, on the line of the Vicksburg and Shreveport road.  
Work is still going on at Milliken's Bend levees and they are reported in good shape there. They are working over 100 men there. The people at Tallulah are building up the old levee on Brushby bayou as far south as Seviors, about eight miles south, in an endeavor to hold the water in the bayou. Everybody is getting their stock together, however, so as to move promptly.  
Mr. Stubbs of the Vicksburg and Shreveport railroad says an effort will be made to handle passengers and mail service from Delta to some point on the line west, where the trains can come, thereby keeping up communication. The road was transferring here under the most adverse conditions before the break at Biggs, which soon made that impossible as the track was flooded to the depth of several feet in less than 12 hours.  
It is now estimated that not less than 8,000 persons will want relief in this county for the next 30 days at least. Lieutenant Crowley, of the United States army, reached here from Washington by the noon train yesterday, having been detailed to duty here to purchase and distribute relief. He has gone actively at work and will purchase meal, meat and molasses for distribution through the gentlemen named by the governor.  
John M. Conlton, one of the leading planters of Issaquena county, is in the city and makes the following statement: "I have just returned from Issaquena county. The present indications are that the overflow will break all former records as to duration and destruction of property in the line of plantation improvements and loss of cattle, leaving little prospect of planting a crop in 1897."

**REPORTS FROM MEMPHIS.**  
Affairs in the Mississippi Delta Continue to Improve.  
MEMPHIS, April 19.—No more breaks are reported in the Louisiana levee district, although the embankments at Hancock and Ferriday, in the northern part of Concordia parish, are reported to be very weak and a break may occur at any hour. The crevasse at Biggs is now a seething torrent and the waters are spreading rapidly throughout Madison parish.  
At Cowpen the levee is seeping badly and although a superhuman effort is being made to hold it, many experienced river men are of the opinion that a break may occur sooner or later. The town of Vidalia is in a very critical condition and many of the inhabitants are hastily packing their most valuable effects and are fleeing to Natchez. The waters from the Biggs crevasse are expected to inundate the town by Wednesday.  
At Natchez logs are arriving in large numbers, while live stock is coming into the city in large droves. Thousands of men line the lower levees, watching every weak spot and hoping for the best. In the Mississippi delta the situation continues to slowly improve. The waters are receding. The work of relief is being systematically carried on.  
The river at Memphis is still falling, a recession of 1-10th of a foot in the past 24 hours being reported by the weather bureau.  
Not Alarmed at New Orleans.  
NEW ORLEANS, April 19.—Contrary to expectations, the river at this point has not touched the 20-foot mark. The river may be pronounced stationary at 18.8. The excitement concerning the condition of the levee at Carrollton has been more or less at fever heat, but on the authority of the best informed engineers and levee directors, it is stated that no extraordinary cause for uneasiness exists.  
**River News.**

The Hudson, Saturday night, received 435 cases of eggs here for Pittsburg. The shipment numbered nearly 14,000 dozen, and was the biggest ever sent out from this point. They were shipped by the Maysville Produce Company and Mr. Omar Dodson.  
**Versailles Curfew Law.**  
VERSAILLES, Ky., April 16.—The "curfew law" put into effect in this city a week ago is a perfect success. The police are having no trouble in enforcing it, and the streets are now clear after 8 p. m. of young boys, who formerly roamed about until midnight. The law applies to children of both sexes under eighteen years of age.  
SUSIE REEVER, aged twelve years, jumped the rope 265 times last week, and two days later died from the violent exercise.  
Burglars entered the home of Hon. S. M. McGee, judge of the circuit court, in Brzill, Ind., and stole the judge's clothes from his bedroom. The thieves secured over \$100 in money, a \$300-watch, valuable papers, silverware and other valuables. It is hinted the thieves were parties the judge sentenced to prison years ago.  
William Bare, a farmer living near New Carlisle, O., committed suicide by shooting himself in the head and breast with a 32-caliber revolver. He weighed 330 pounds. He had been slightly demoralized from grip. Some think that recent financial disasters caused him to take the step. He was worth about \$50,000.
